

Array®

100% Acrylic Solid Surface

Beautiful, Versatile, Affordable

A close-up photograph of water droplets and streams on a blue surface. The water is captured in motion, creating a dynamic and refreshing visual. The droplets are of various sizes, and the streams are thin and elegant.

Array®

Solid Surface Shower Systems

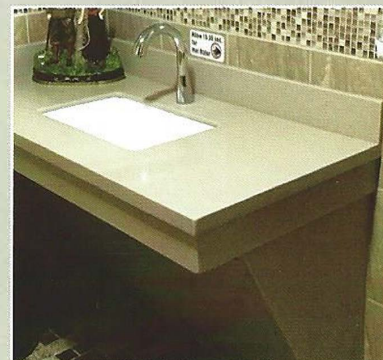

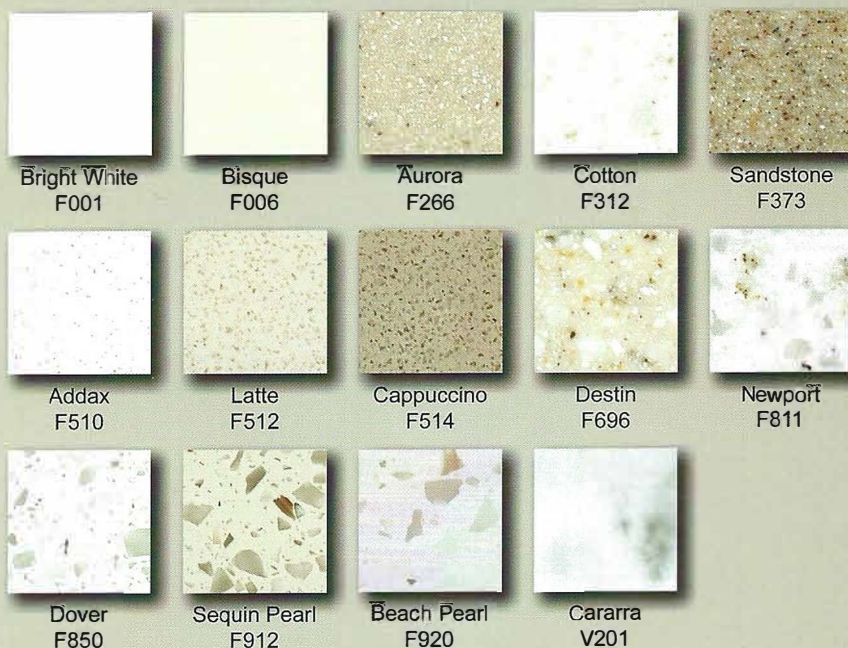

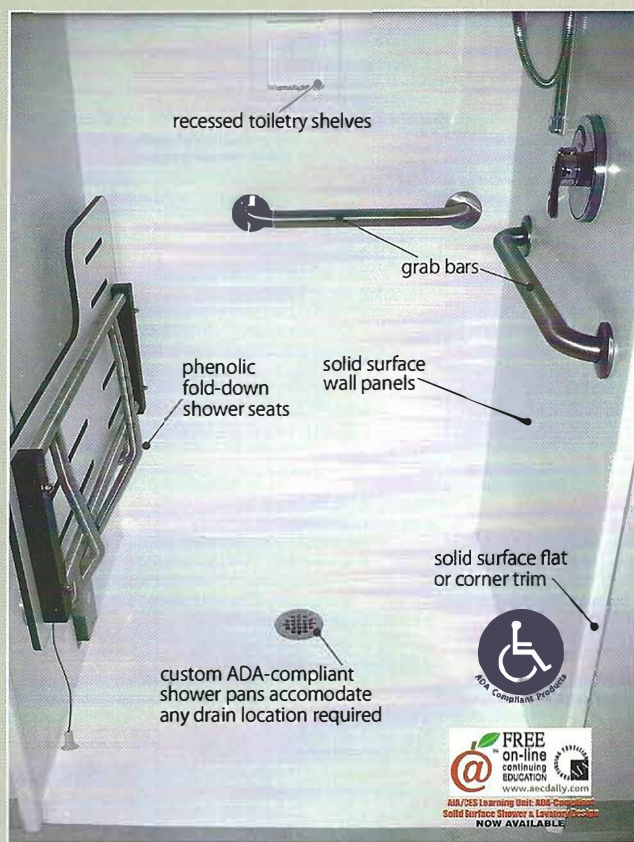

Array®

Solid Surface Shower Systems

Affordable, high quality & versatility are the reasons Array® Shower Systems have been specified over and over for both commercial and residential projects.

In addition to low cost, there are a number of sound reasons why architects, designers, and facility administrators specify Array® Shower Systems for hospitality, healthcare, long-term care, assisted living, retirement communities, disaster recovery, oil rig and similar living quarters, campus housing, institutional, multi-residential and residential, commercial and a host of other applications:

- **ADA-Compliant** and standard shower pans and total systems, including accessories
- Custom pan sizes and drain locations
- Trench drain options
- Fabrication shop for customized prototypes and small orders
- Complete technical support including submittal drawings
- 10-year warranty

Array® Shower Systems is a modified acrylic, homogeneous, thermoset polymer compound that consists of acrylic and polyester components filled with aluminum tri-hydrate.

Array®

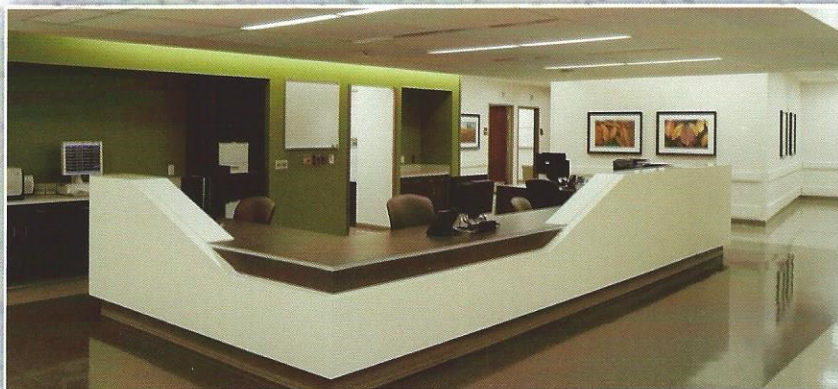

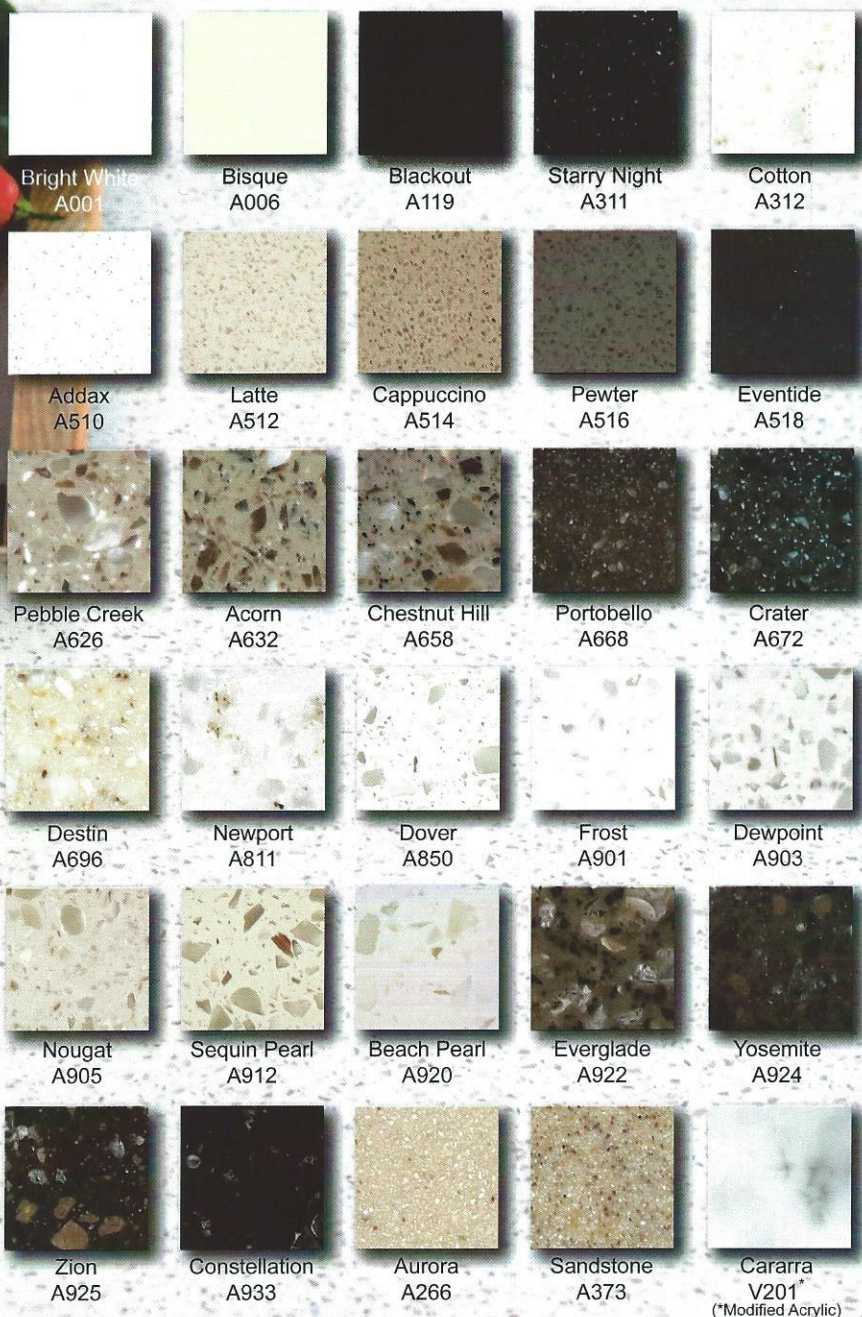

100% Acrylic Solid Surface

Get inspired by the fashionable, fresh and inviting new colors of Array® 100% Acrylic Solid Surface.

When the specification calls for 100% acrylic solid surface sheets, Array® is the best choice for quality, versatility, hygienic characteristics, conformance & price. And, Array® 100% Acrylic Solid Surface compares favorably with Corian and other major brands for commercial & residential projects.

Available in 1/2" thickness & solid throughout, Array® 100% Acrylic Solid Surface is perfect for the following Commercial and Residential applications:

- Kitchen Countertops
- Vanity Tops
- Tabletops and furniture
- Window sills
- Reception desks
- Conference tables
- Food service & case goods
- Restaurant interiors
- Healthcare
- Assisted Living & Retirement
- Schools
- Offices
- Banks
- Signs & displays and more...

Certified by NSF, this economical alternative to high-priced solid surface will fit neatly into your project budget with no loss of quality or design appeal.

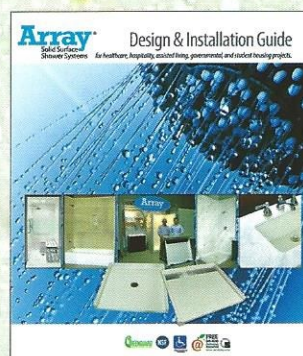

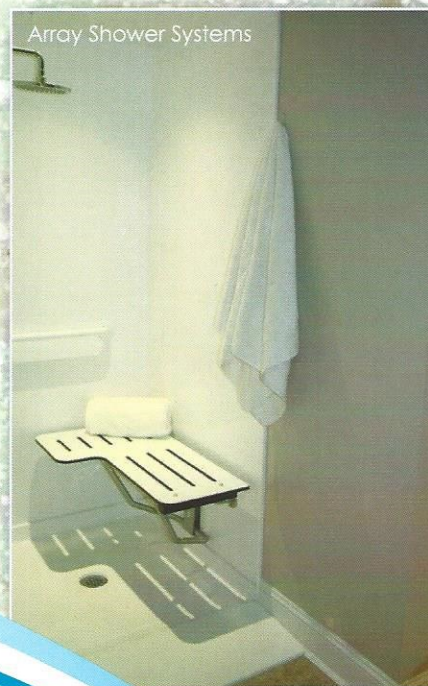

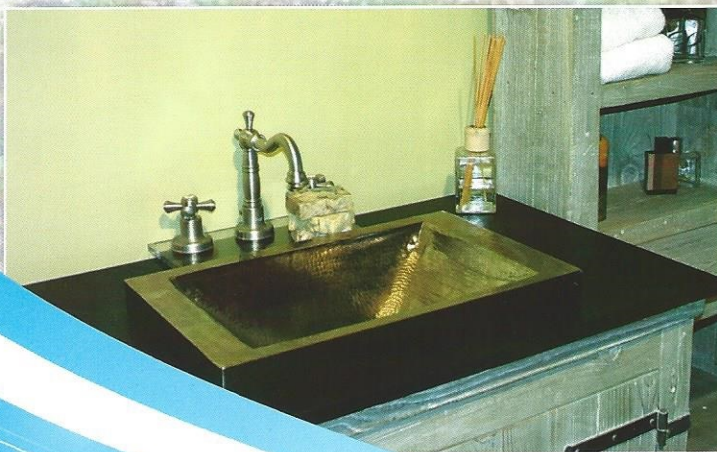

Array® 100% Acrylic Solid Surface is extremely hygienic and easy to maintain. Plus it is renewable, repairable, resistant to mold, bacteria, mildew and scratching and comes with a 10-year warranty.
